THE MECHANIC INTEREST LIGHT Banaking.-At the last session of our Le gislature a charter was granted to the "Phonix Manufacturing Company of Nashville, with a capital of \$300,000, in shares of \$100 each. Since then a large portion of the stock has been taken, and the company or ganization is nearly completed. Its busi ness is to manufacture pig iron, stoves, hol low-ware and general foundry and machine work. It has already acquired the valuable property known as the College Hill Foun dry, and also the well-known "Worley Furnace," in Dickson county, forty-seven mile from Nashville, on the line of the Northwestern railroad. This latter property has four thousard acres of uncleared timbered land, white and black oak. The ore banks are but three hundred yards from the furfrom appearances, inexhaustible.
